

PEOPLE HELPING ANIMALS HELPING PEOPLE

A Sanctuary for All

PAWS FOR HUMANITY is more than an animal sanctuary—it's a true safe haven. A place of shelter, protection, and peace for both animals and people. Here, you can exhale, relax, and simply be.

Our Animals, Their Home

PAWS FOR HUMANITY is not a petting zoo, shelter, or rescue—it's a forever home for our animals. Here, we honor their space and well-being, allowing them to guide interactions on their own terms.

Join Us in fulfilling our mission of animal training, assisted therapy, equine learning, and community education. Together, we create a place where all can heal and grow.

Connection & Healing

We believe in the power of human-animal connections. Through equine-assisted learning, therapy dog programs, and support from our alpacas, goats, donkeys, ducks, and chickens, we foster healing and growth for all involved.

Community at Our Core

We thrive on collaboration. Our sanctuary exists for the community and with the community—sharing knowledge, resources, and support to ensure a better future for animals and people alike.
